SUMMARY

Frontend Developer with hands-on internship experience building responsive React applications. Skilled in modern JavaScript/TypeScript, HTML, CSS, and integrating RESTful APIs, with version control expertise using Git. Developed reusable components and optimized performance for seamless user experiences. Passionate about experiment-driven development and rapid iteration to drive growth and engagement.

SKILLS

- **Programming Languages:** HTML, CSS, JavaScript, TypeScript
- **Frontend Frameworks & Libraries:** React JS, React Native, Tailwind CSS, GSAP
- **Backend Technologies:** Node JS, Express JS, MongoDB (Mongoose), REST APIs
- **Development Practices & Tools:** Version Control, Figma, Frontend Software Development, Responsive Design

EXPERIENCE

Uptoskills

Jul 2025 - Oct 2025

Web Developer Intern

- Implemented reusable React components in a version-controlled codebase to improve maintainability, reduce duplication, and accelerate feature development.
- Developed responsive user interfaces using React.js, ensuring cross-device compatibility and smooth user experiences on both desktop and mobile.
- Collaborated with Product, Design, and Analytics teams to implement A/B tests and translate design mockups into functional UI components.
- Debugged and optimized frontend code by identifying performance bottlenecks, improving load times, and enhancing overall user experience.
- Used Tailwind CSS for consistent styling and improving UI consistency across multiple pages and components.
- Integrated frontend applications with RESTful APIs to fetch and display dynamic data, ensuring seamless communication between client and server.

EDUCATION

Guru Gobind Singh Indraprastha University

Jul 2026

Bachelor of Computer Application

Delhi

- **GPA:** 8.8

CBSE Board

2023

12th (Senior Secondary)

CBSE Board

2020

10th (Secondary)

PROJECTS

Portfolio

- Built a personal portfolio website using React, TypeScript, and GSAP to showcase frontend development work with animated transitions and smooth scroll effects
- Designed a clean, responsive layout with Tailwind CSS highlighting skills, projects, and contact details for potential employers and clients.
- Version-controlled the codebase using Git and GitHub, enabling continuous integration and streamlined deployments

SGJET – E-Commerce UI

- Built an animated e-commerce product catalogue interface using React, TypeScript, and GSAP, integrating mock RESTful APIs to dynamically fetch and display product data
- Optimized application performance and implemented responsive design with Tailwind CSS to ensure intuitive navigation and fast load times across devices
- Managed feature development and code reviews through Git version control, following a branching strategy to collaborate effectively

Resume – AI Resume Builder

- Developed an AI-powered resume builder providing real-time content suggestions using the Gemini API, helping users craft stronger, role-specific resume content instantly.
- Implemented dynamic section editing, live preview, and export functionality to streamline the resume creation process.

Serenity Steps

- Built a 30-day Gamified Addiction Recovery and Self-Improvement app featuring a personalized recovery dashboard with daily challenges, progress tracking, and motivational milestones.
- Implemented a full-stack architecture with MongoDB for data persistence and Express.js REST APIs for user authentication and progress management.

UdyamDeep – MSME Schemes App

- Developed a centralized MSME web app for accessing government schemes and loan programs, simplifying discovery of financial support options for small business owners.

CERTIFICATES

- Basics of AI | IBM: Understood real-world use cases of AI in automation and problem-solving.
- Startup Competition | KIHEAT: Secured 2nd position among 15 teams, demonstrating entrepreneurial and pitching skills.
- Cybersecurity Training | ICTACADEMY: Completed hands-on training with experience in secure coding practices.
- MUN | SOCRATES – THE MUN SOCIETY OF KIHEAT, UNEP: Delegate of Germany, representing environmental policy discussions.
